INTRODUCTION

CURRENT TITLES IN TURKISH SCIENCE is a monthly bibliography of and index to Turkish literature of pure and applied sciences received in TURDOK Library.

CONTENT

The monthly issues include journal articles, proceedings, reports, government documents, thesis and reprints of articles and other papers by Turkish authors published in foreign journals. Generally the material must have been published in the current year, but exceptions are made for reprints.

Current Titles in Turkish Science has a main entry section, and a personal and corporate author index. In addition a list of journal titles indexed in each issue is included in the front matter.

MAIN ENTRY SECTION

The main entry section provides full bibliographic data for the materials added to TURDOK library collection during the preceding month.

Bibliographical references are presented under broad subject categories shown in the table of contents. The citations within each subject categories are listed in alphabetical order by authors.

International Standard ISO 690 is applied with slight modifications for the presentation of bibliographical references.

Each entry has a six digit identification number assigned sequentially throughout a volume year. This number serves as an identifier for the item in the index.

All titles are translated into English. The original language is indicated in parentheses followed by the summary language(s).

Entries are assigned to one or more if appropriate of the broad subject categories. However the full bibliographic data is given under one subject category, cross references are used for other related subjects.

AUTHOR INDEX

All personal and corporate authors are given in the same list, followed by the six digit identification number referring to the bibliographic data in the main entry section.

AVAILABILITY OF REFERENCES CITED

Photocopies or microfilms of documents may be obtained from:

TURDOK
Atatürk Bulvarı, 221
Kavaklıdere-Ankara

Copy charges are:

Paper photocopies: 1.00 TL/page (10 cents)

Microfilms:

1-6 frames: 10.00 TL (75 cents)

Additional frames: 50 krş/page (5 cents)

Cheques should be made in the name of the Scientific and Technical Research Council of Turkey to:

The Turkish Foreign Trade Bank, Ankara, Turkey

Account No: 490-089

TRANSLATION OF TURKISH DOCUMENTS

TURDOK has established a Translators Panel consisting more than 1000 translators in 26 different languages. Users who wish to obtain translation of Turkish documents into wanted language(s) may benefit from this service. TURDOK provides advice and coordination between interested users and the Panel.
